

**Weill Cornell
Medicine**
Institutional Review Board

Alavy Sos

Director, Human Research Protection & Compliance
Office of Research Integrity

A handwritten signature in black ink, appearing to read "Alavy Sos".

Re: IRB approval letters

Effective April 1, 2019, the approval letters from the Weill Cornell Medicine IRB no longer contain a signature from the "Director of the IRB." All correspondence, including approval letters, are generated from the Weill Research Gateway Human Subjects module and serve as official correspondence from the IRB.
